From March 1st 2023 all deliveries into the EU will require
HS Codes and Recipients EORI number if shipping B2B.

Your customer booking portal

On the portal pages we have added some helpful prompts when shipping to the EU for missing information such as commodity codes, IOSS numbers and EORI numbers.

If commodity codes have not been entered you will see a pop up prompt to enter these.

You will then be asked if B2B or B2C

If B2C

You will be asked if you wish to provide and IOSS number

If B2B

You will be prompted for the recepients EORI number

Receiver Eori   X

As of March 2023 the EU mandates EORI number for recipients of B2B shipments
